These drawings are conceptual only and are for the convenience of reference. They should not be relied upon as representations, express or implied, of the final details of the residences. Units shown are examples of unit types and may not reflect actual units. Stated square footages are ranges for a particular unit type and are measured to the exterior boundaries of the exterior walls and the centerline of major perimeter walls and in feet, very from the area that would be abutted by using the description and address of the "Unit" set forth in the Declaration which generally only includes the perimeter walls and includes interior structural components.
